

# SkyTech Agent Program

Client acquisition program for **SkyTech Solutions LLC** (Maryland) — free one-page demo websites for local businesses with no web presence, converted into paid setup and monthly care plans.

- Company website: <https://skytechsolutions.us> (Hostinger, Node.js app)
- Facebook: <https://www.facebook.com/profile.php?id=100063685406708>
- Live plan document: <https://claude.ai/code/artifact/df79af8a-1a3f-468e-8a59-c9b644cb8129>

## Goal (Oct 5, 2026 – Jan 3, 2027)

15–25 paying website clients, \$800–\$1,500 monthly recurring revenue plus \$3,000–\$5,000 in setup fees, at \$0/month in tools.

## Repository contents

| Path                         | What it holds                                                                                   |
|------------------------------|-------------------------------------------------------------------------------------------------|
| docs/90-day-plan.md          | Full plan: guardrails, agent team, tools, workflow, pricing, revenue ideas, timeline, checklist |
| docs/agents.md               | Role of each SkyTech agent                                                                      |
| sql/01_create_skytechcrm.sql | Creates the SkyTechCRM database and 4 tables                                                    |
| sql/02_daily_batch_query.sql | BackOffice agent’s daily lead batch query                                                       |
| website/robots.txt           | robots.txt to add to skytechsolutions.us                                                        |
| logs/                        | Daily session logs and status                                                                   |

## Working rules

- \$0/month budget — free tools only.
- Owner approves every action manually (no automatic approval).
- Owner makes phone calls personally (no AI-voice cold calls — TCPA).

## Current status

See [logs/2026-10-01.md](#) for the latest status and next steps.
