

SkyTech Agents

Agent	Input	Output	Daily report line
SkyTech_Manager	Owner's goals, all agent reports	Today's batch, task list, evening report	Totals and blockers
SkyTech_ProjectManagement	90-day plan, Manager report	Timeline updates, risk flags, weekly review	Milestones on track or late
SkyTech_BackOffice	Excel file, SQL tables, batch criteria	Imports, web presence checks, NoSite leads	Checked, no-site found
SkyTech_WebsiteDeveloper	NoSite leads	Demo site, Netlify link, Google Drive copy	Demos built
SkyTech_PhoneMarketing	Demo links, lead details	Call sheet, script, follow-up emails, logged outcomes	Calls, interested, deals
SkyTech_SocialMediaMarketing	Demos, wins	Posts, DMs, replies to inquiries	Posts, DMs, leads

Flow

Adding agents

Each agent is one saved skill with a role file. To add one (e.g., SkyTech_EmailMarketing or SkyTech_ClientSupport once clients pass 20), write its role and add it to the Manager's roster.
